About Calypso

Calypso bathroom furniture is a UK industry-leading bathroom furniture supplier, part of the Woodstock Trading Company. We are a proud, family-run business that has been trading for over 20 years and boast extensive knowledge of luxury design, functionality and style. We strongly believe that these elements are always included in every single product we produce and we're proud of the high level of care and quality that goes into each range.

Each of our collections includes a variety of contemporary and timeless designs of bathroom furniture, taps, accessories, mirrors, lighting, showers, basins and WC's in a wide variety of colours, materials and finishes.

Our highly skilled in-house research and development team work around the clock to be ahead of the trends and allow Calypso to be at the forefront of the industry. Everything from our carefully selected colour palettes to each original wood finish is chosen to reflect the current demands and styles of our customers.

Our Ethical and Environmental Responsibility

Here at Calypso, we take our environmental responsibility extremely seriously and are always looking to update our operations so our company can become more environmentally-friendly.

Our environmental policies ensure that we seek to minimise our environmental impact as much as possible.

As part of our efforts for a more sustainable future, all packaging is sourced through FSC (Forestry Stewardship Council) accredited mills, whilst each brochure is manufactured from sustainable and audited sources. In addition, all of the timber used within our products is from FSC accredited suppliers and by the end of 2020, we aim to complete a 100% recyclable packaging strategy. This includes everything down from the cardboard in our warehouse to the plastic that accompanies the stock.

We invest heavily in sourcing the most modern and eco-friendly vehicles throughout our delivery fleet to ensure we are operating on a minimal carbon footprint.

PLANNING & DESIGN

Why choose Calypso?

Whether your bathroom is large or small, Calypso bathroom furniture offers the flexibility and versatility you need to create the perfect space.

PRODUCTS

Part of the Calypso ethos is to ensure we pursue continuous improvement in every sector of the business. Our products are a true representation of the high standards we set when it comes to quality.

Our in-house design and testing team conduct thorough research and development techniques so we can produce the best possible products in the market. From initial design to distribution, we ensure the highest level of care and quality, so you're guaranteed complete product satisfaction.

SOFT CLOSE

An essential part of our ranges is the soft closure on all of our doors and drawers. We listen to our customers and firmly believe in the added luxury that a quiet smooth soft close drawer and toilet seat provides.

DELIVERY SERVICE

We can confidently say that we boast a minimum of 99% stock holding in our 70,000 square foot distribution centre. This allows us to offer the shortest Order-to-Delivery time in the industry with all our orders dispatched within 72 hours.

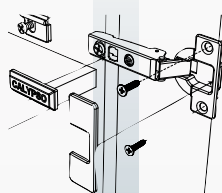

All of our deliveries are undertaken on our own Calypso vehicles to ensure our policy of complete customer satisfaction is fulfilled on time and in the best possible condition.

HELP & ADVICE

For further information, you can see the latest product updates on our website as well as order a free sample of each of our finishes. Additionally, our furniture is available to view in over 800 bathroom retailers across the UK, which you can find by visiting the 'Find a Retailer' page on our website.

All orders are subject to our standard terms and conditions of sale which can be found at www.calypsobathrooms.co.uk/downloads

BATHROOM FURNITURE

Here at Calypso, our very own team of design experts make sure that every product in the Calypso Fitted Furniture range adheres to the highest standards of functionality and design.

Our continuous aim for outstanding customer service is backed up by exceptional stock levels and our own expert delivery fleet. Our very own team of logistics experts make sure that each item is carefully packaged and distributed, so you can create your dream bathroom space without having to wait.

OUR GUARANTEE

Even after installation, we offer a 5-year guarantee policy on all of our products to ensure you are completely satisfied with your finished design.

FINDING YOUR LOCAL RETAILER

Calypso bathroom furniture is sold in over 800 trusted retailers nationwide, so you're never too far away from our fantastic products and expert advice.

To find your closest retailer and showroom, visit www.calypsobathrooms.co.uk/find-a-retailer/ and our expert partners will help you with the planning and installation of your new bathroom furniture.

FREE SAMPLE SERVICE

We understand that it's not easy picking a furniture colour without seeing the final product.

That's why we operate a FREE 24-hour sample service so you can view each finish and range from the comfort of your home.

To order from our wide range of samples, please visit www.calypsobathrooms.co.uk/request-a-sample/ or get in touch with our Sales team on 01432 367367.

Please note: Certain images within this brochure are created by CAD and may not represent the true colour of a product. We urge you to take full advantage of our sample service before ordering your furniture, so you're guaranteed full product satisfaction from your order.

Pentland

A classic framed style which will enhance any bathroom.

CARCASS FINISH

FASCIA FINISH

RANGE FEATURES

To enhance any bathroom space, choose from our range of finishes in the elegant lines of the shaker style door. Combined with pilasters and pelmeted plinths, any of the five painted and lacquered finishes with the Natural Oak carcasses will add to the luxurious design. Any of the five finishes on the Natural Oak effect carcasses will add to the aura of indulgent luxury.

RANGE FINISHES

Painted and lacquered MDF shaker style doors & fascia panels. 22mm end panels and a two piece plinth. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the colour code representing the door finish required. These codes are shown on the inside cover of this brochure, the top of each pricing page in the range, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Pentland Cream Weave should be ordered as: **4226PD** **CV** This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE	SIZE (W x D x H)	PRODUCT CODE		Carcass	Upper Panel	Lower Panel
	500 x 218 x 811	4226PD**	£402.00	4062s	2010	5031
	500 x 303 x 811	4426PD**	£402.00	4062	2010	5031

PENTLAND

Cream Weave - **PDCV**

Cotton White - **PDCN**

Shale - **PDSE**

Lagoon Mist - **PDLM**

Slate - **PDST**

PRICE INCLUDING NOTE:

Each illustrated unit will show either carcass, door(s), fascia clips, upper panel, lower panel, WC filler panel, legs, wall fixing kit, soft close hinges and drawer runners where applicable.

FITTED FURNITURE SPECIFICATIONS

FURNITURE:

Featuring 5 beautifully painted and lacquered finishes, the Pentland range boasts a distinctive traditional aura. The doors are framed with pilasters and the two-part plinth will position this furniture above the rest. All the featured doors have 80mm frames except the 150mm which has 55mm vertical stiles and 200mm wide doors which have 65mm vertical stiles.

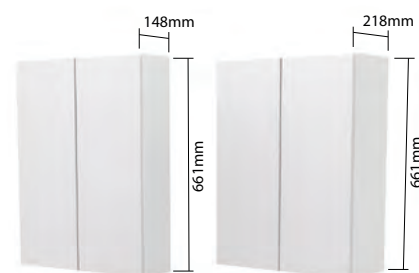

END PANELS & PILASTERS:

At 22mm wide, the panels perfectly match the plinth pelmet section. End panels are reversible for a styled traditional look or a plain slab side, created for maximum creativity and appeal. Pilasters are a more cost-effective solution for use between the units, helping to create a framed effect and can be used for fillers at the end of a furniture run.

PLINTHS:

Pentland plinths come in two parts; the 127mm high section and a 22mm pelmet section for the top, helping create a framed effect around base units.

CARCASS FINISH

FASCIA FINISH

RANGE FEATURES

The uncluttered and unambiguous look of the square style fascias helps this simple, contemporary range offer a fresh and modern outlook on life. With its clear symmetrical lines, the Brecon collection looks outstanding with glossy reflective or super matt finish.

RANGE FINISHES

18mm Vinyl wrapped furniture grade MDF slab doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

BRECON Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the colour code representing the door finish required. These codes are shown on the inside cover of this brochure, the top of each pricing page in the range, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Brecon High Gloss White should be ordered as: **4226BR** **H** This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE	SIZE (W x D x H)	PRODUCT CODE		Carcass	Upper Panel	Lower Panel
	500 x 218 x 811	4226BR**	£355.20	4062s	2010	5031
	500 x 303 x 811	4426BR**	£355.20	4062	2010	5031

FITTED FURNITURE SPECIFICATIONS

FASCIAS:

The ever-popular Brecon range can make the smallest of spaces look uncluttered and elegant. The clear, symmetrical lines of each fascia are a vinyl wrapped furniture grade MFC, giving a slab effect door style. Perfect for a minimal and sleek looking bathroom. The collection is available in 16 stylish finishes.

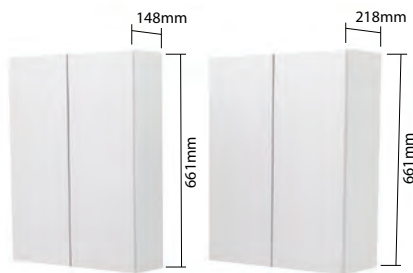

END PANELS:

Featured as a vinyl wrapped panel or filler panel, the end panels will be colour matched to your chosen fascia colour.

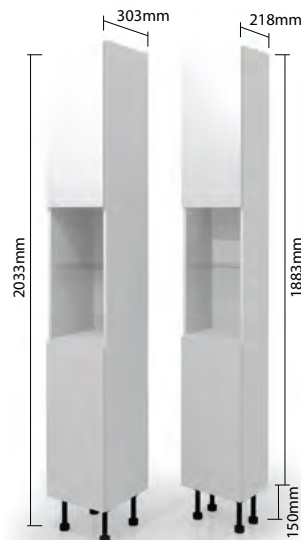

PRICE INCLUDING NOTE:

Each illustrated unit will show either carcass, door(s), fascia clips, upper panel, lower panel, WC filler panel, legs, wall fixing kit, soft close hinges and drawer runners where applicable.

CARCASS FINISH

FASCIA FINISH

RANGE FEATURES

With its framed-effect inset panels and pencil-line grooves, the Chiltern door style is ideal for those who idealise the timeless look with a modern twist. Used for generations and still a popular choice, the Chiltern has an unrivalled ability to compliment any room you choose to place it in.

RANGE FINISHES

18mm Vinyl wrapped furniture grade MDF shaker style doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

CHILTERN Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the colour code representing the door finish required. These codes are shown on the inside cover of this brochure, the top of each pricing page in the range, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Chiltern High Gloss White should be ordered as: **4226CH** **H** This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance, both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE	SIZE (W x D x H)	PRODUCT CODE		Carcass	Upper Panel	Lower Panel
	500 x 218 x 811	4226CH**	£355.20	4062s	2010	5031
	500 x 303 x 811	4426CH**	£355.20	4062	2010	5031

Bowland

Elegant and understated, this minimal design boasts effortless style.

CARCASS FINISH

RANGE FEATURES

The Bowland range is new to our fitted furniture collection this season. The stunning handleless design works with all standard Calypso worktops and basins including the industry leading Art and Fontana one-piece tops. There are 22 unit options to choose from including slimline and matching wall-hung vanity units, and there is also the added option of double-sided mirror doors for all the flush finished wall units.

RANGE FINISHES

Bowland is available in 6 hard wearing high gloss acrylic faced door and fascia panels which can be accented with a choice of three rebated metallic profiles. The carcasses are finished in a contemporary grey linen effect and are supplied rigid with the profile rebates pre-cut.

All 18mm pre-assembled MFC carcasses with PVC edging, drilled and marked for fittings. Fully adjustable all-steel soft-close hinges for doors and 4-way adjustable soft-close runners to drawers. Carcass height is 700mm with a floor service void of 150mm rebated behind a 105mm plinth face. Choice of two overall base unit depths of 218mm and 303mm plus vanity unit depth of 443mm. Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown on the inside cover of this brochure, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Bowland Frost White should be ordered as: **8302BL** **FW** This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

FITTED FURNITURE SPECIFICATIONS

FURNITURE SPECIFICATIONS

FURNITURE:

Bowland is a completely new handleless range featuring a seamless rebated grip area which can be trimmed in a choice of 3 metallic profiles to coordinate with the 6 high gloss glass effect finishes. The finished product presents an ultra-modern minimalist style. The units include soft-close hinges and drawer runners as standard, and the rigid carcasses are all finished in a hard-wearing grey linen effect and pre-rebated to accept the feature profile. The plinth is set back further than on our standard carcass range to allow room for the installation of feature lighting.

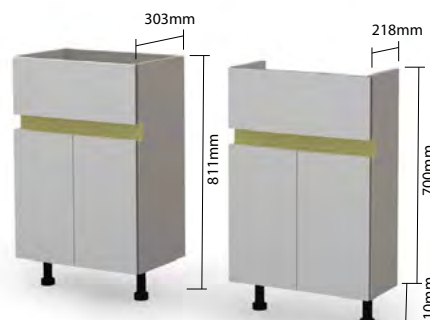

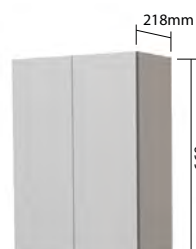

METALLIC PROFILE:

Offered in a choice of three unique finishes and in lengths of 1250mm and 2500mm to be cut to the desired furniture run length on site.

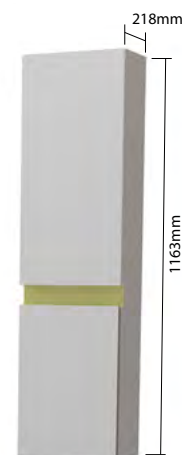

END PANELS:

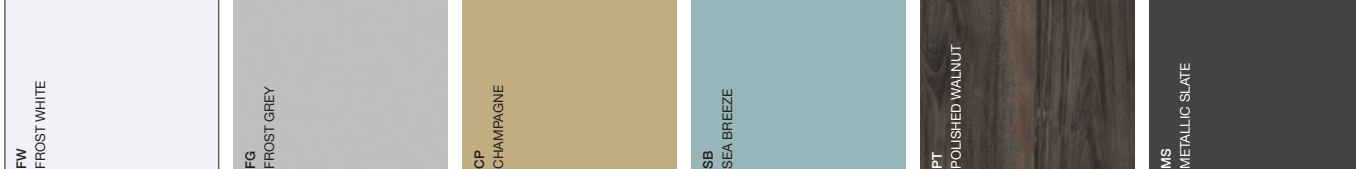

The décor end panels are all dual trimmed with one edge matching the fascia and the other having a unique glass-effect trim giving the option of changing the appearance of Bowland installations without extra cost.

Malvern

*Soft bevelled design bringing
calm & luxury to your bathroom.*

RANGE FEATURES

The soft bevelled edge design of our Malvern range offers a modern twist to incorporate into your bathroom style. The soft flowing lines of the doors are guaranteed to bring a little luxury and peace to your bathroom space.

RANGE FINISHES

18mm Vinyl wrapped furniture grade MDF bevelled doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

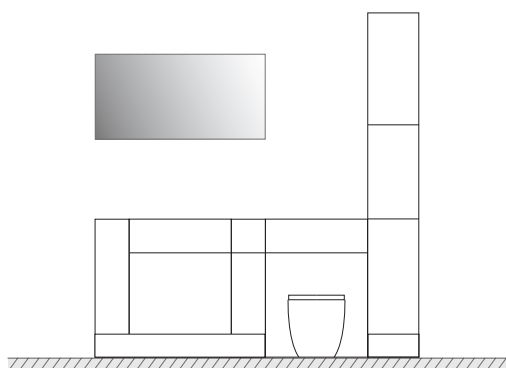

MALVERN High Gloss White

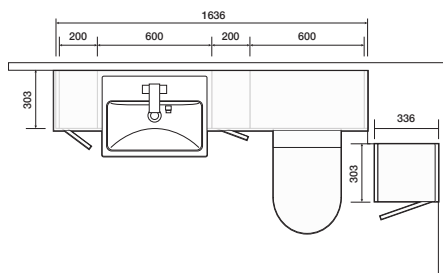

ROOM FURNITURE

600 WC, 600 Basin, 200 Base, 300 High Rise & 200 Toilet Roll Open Top Units, all with a White Carcass

ROOM FEATURES

Dusk Quartz Postformed Worktop, High Gloss White End Panel, Arinos Handle, Charlotte WC, Charlotte Basin, Palena Basin Tap, Faro 1000 LED Mirror

COLOUR PALETTE

MALVERN WASHSTAND

Our Calypso Washstand is designed to offer a combination of traditionally styled vanity units with the practicality of Fitted Furniture in the same room. In addition, it is also available to match all of our fitted furniture styles and finishes.

"The perfect coordination of form and function"

Banari Ceramic Basin 9142, 600mm Carcass 4027, End Panels - 2x 3085, Doors - 2x 5035, Plinth - 6001

1. Fit Leg Sockets, Legs and Hinge Back Plates to the carcass as shown.
2. Remove the Inner Upper Panel at the rear of the carcass and discard.
3. Fit 'L' Brackets (from the 7410 Fixing Kit) to the carcass as shown. Note – the 'L' Brackets should be fitted 120mm down from the top of the carcass.
4. Fit End Panels to Carcass ensuring they are flush with the top and rear of the carcass sides.
5. Fix assembled unit to the wall using fixings appropriate to the substrate ensuring it is square, level and plumb.
6. Secure basin to unit and wall by applying a bead of silicone along the top of the two end panels and to the rear of the basin. Sit the basin on the end panels and push firmly to the wall.
7. Seal around the carcass and basin where they abut the wall with silicone and re-fit the plinth and doors.

Cheviot

*The sharp lines & glossy finish
radiates pure elegance*

CARCASS FINISH

PVC
EDGING

FASCIA FINISH

RANGE FEATURES

The smart and sharp lines of Cheviot, combined with the highly reflective glossy finishes, offers a sleek and elegant feel to your bathroom space. The finish boasts an impressive glass-effect edge detail which adds to the classic look that can suit any style or taste.

RANGE FINISHES

18mm Acrylic faced furniture grade MDF square doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm).

Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

CHEVIOT Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the colour code representing the door finish required. These codes are shown on the inside cover of this brochure, the top of each pricing page in the range, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Cheviot Frost White should be ordered as: **4226CT** **FW** This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance, both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE	SIZE (W x D x H)	PRODUCT CODE		Carcass	Upper Panel	Lower Panel
	500 x 218 x 811	4226CT**	£355.20	4062s	2010	5031
	500 x 303 x 811	4426CT**	£355.20	4062	2010	5031

FITTED FURNITURE SPECIFICATIONS

FURNITURE:

The Cheviot range of fitted furniture boasts 6 impressive glass-effect edge detail which adds to the classic look that can suit any style or taste. The units include soft close hinges and drawer runners as standard. The Cheviot range of furniture is a perfect example of an ultra-modern and minimalistic bathroom style.

The smart and sharp lines of Cheviot, combined with the highly reflective glossy finishes, offers a sleek and elegant feel to your bathroom space.

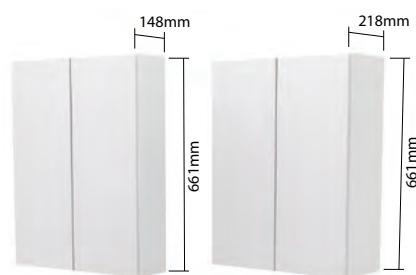

END PANELS:

All end panels have a polished acrylic face with glass effect edging on three sides and a single colour matched edge on the other. This creates the ability to change the look of Cheviot furniture with cost effective solution.

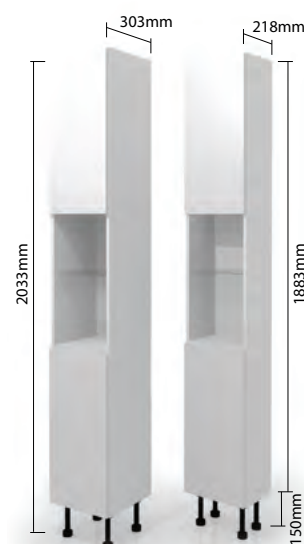

PRICE INCLUDING NOTE:

Each illustrated unit will show either a carcass, door(s), fascia clips, upper panel, lower panel, WC filler panel, legs, wall fixing kit, soft close hinges and drawer runners where applicable.

Selter

A modern sleek style designed for a minimalist & uniformed look.

RANGE FEATURES

Stunning and sleek integral handle bathroom furniture designed with a minimalist and contemporary look. Uninterrupted architectural lines create a uniform run of fitted furniture with an integral handle that is a pleasure to use. This modern furniture style is perfect if you're looking to maximise in minimal space.

RANGE FINISHES

18mm painted and lacquered furniture grade MDF integrated handle doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. 661mm carcass with a 150mm plinth height. Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

SELTHER Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the colour code representing the door finish required. These codes are shown on the inside cover of this brochure, the top of each pricing page in the range, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Selter Pearl should be ordered as: **4226ST** **PL** This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE	SIZE (W x D x H)	PRODUCT CODE		Carcass	Upper Panel	Lower Panel
	500 x 218 x 811	4226ST**	£355.20	4062s	2010	5031
	500 x 303 x 811	4426ST**	£355.20	4062	2010	5031

FITTED FURNITURE SPECIFICATIONS

FURNITURE SPECIFICATIONS

FURNITURE:

Selter furniture has an integrated j-pull style handle profile to the top of doors and drawers. The range features 5 painted and lacquered finishes. All units include soft close hinges and drawer runners as standard to complete a contemporary and modern looking bathroom style.

END PANELS:

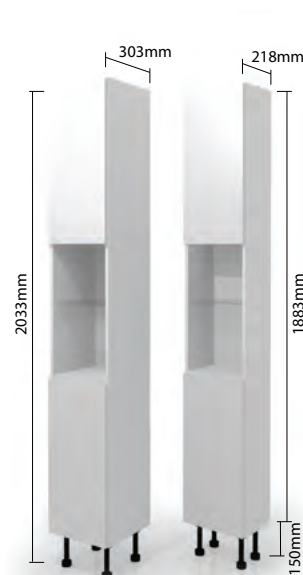

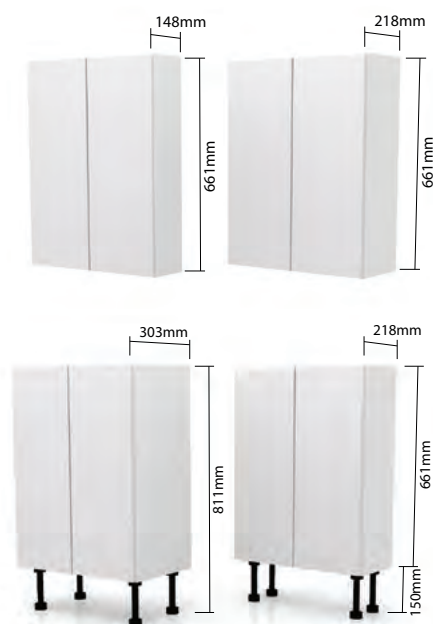

All end panels are painted and lacquered to perfectly match the doors and drawers. Any cut end will need to be sufficiently sealed to prevent the ingress of water.

PRICE INCLUDING NOTE:

Each illustrated unit will show either a carcass, door(s), fascia clips, upper panel, lower panel, WC filler panel, legs, wall fixing kit, soft close hinges and drawer runners where applicable.

SELTHER - THE INTEGRAL HANDLE RANGE

As Selter uses an integral handle design, the units have to be specified for Left or Right hinged doors. The images below indicate LH (Left Hinged) or RH (Right Hinged) for both base and wall units. (A LH base unit door can be used as a RH wall unit door, a RH base door as a LH wall door)

Solid Oak

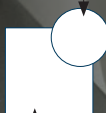

A natural product exuding warmth & craftsmanship with timeless appeal.

P178

CHSO

CARCASS FINISH

FASCIA FINISH

RANGE FEATURES

Nothing can replace the beauty of a natural material. The warmth, the feel, the aroma and of course, the all-round good feeling that comes with working and using something provided by nature itself. The craftsmanship in the detail and the timeless appeal of the shaker style combine mutually to create an aura of contentment.

RANGE FINISHES

All doors are constructed with Solid Oak frames and oak veneer centre panels. Plinths, end panels & worktops are real oak veneer on furniture grade MDF core. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm).

Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

Please note: Solid Oak & Oak Veneer are natural living products which contain variations in shade and grain structure which are inherent to timber and are beyond our control. Once installed, Oak products will continue to age and change shade over time according to the amount of light and moisture they are exposed to.

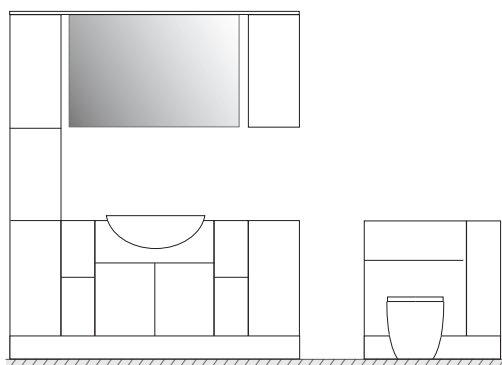

SOLID OAK

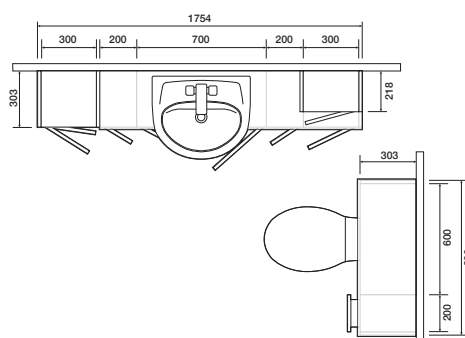

ROOM FURNITURE

600 WC, 700 Basin, 300 & 2x 200 Open Base, 300 High Rise, 200 Pull Out Toilet Roll & 300 Wall Units, all with a Natural Oak Carcass

661mm

HIGH RISE UNITS

SOLID OAK FASCIAS:

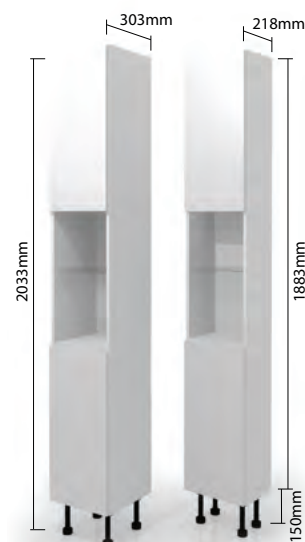

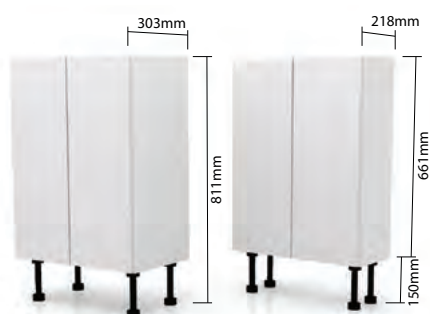

Doors and Drawers have 70x20mm solid frames except 150mm and 200mm wide doors which have 50x20mm vertical stiles. Upper panels are Solid Oak. Centre panels are an Oak Veneered structural panel.

OAK VENEERED WORKTOPS & END PANELS:

All worktops have a 3mm thick Solid Oak front edge to the Oak Veneered worktop. End panels have a 3mm Solid Oak front lip on a Oak Veneered end panel, this lip is only on the front edge.

PRICE INCLUDING NOTE:

Each illustrated unit will include either carcass, door(s), fascia clips, upper panel, lower panel, WC filler panel, legs, wall fixing kit, soft close hinges and drawer runners where applicable.

SOLID OAK WASHSTAND

Our Calypso Washstand is designed to offer a combination of traditionally styled vanity units with the practicality of Fitted Furniture in the same room.

"The perfect coordination of form and function"

Our exclusive vanity units offer something that little bit extra to bring a luxurious feel to any bathroom. Available in many shapes and sizes, the range comes alongside numerous basin options to help suit all individual tastes. The units themselves act as a focal point, inviting the opportunity to accessorise any bathroom around any of the finishes, shapes and styles of the chosen design.

Every Calypso vanity unit is pre-assembled, resulting in a fast and easy installation. Additionally, vanity units give the illusion of space and offer the opportunity to dress your bathroom with unique features.

Here at Calypso, we offer 7 ranges of vanity units, all available in numerous finishes, to help you choose the perfect feature for any bathroom.

RANGE FINISHES

Offered in a choice of attractive finishes designed to complement all decorative tastes. The Aprilla vanity range brings a minimal but practical option to your bathroom, with both wall hung and floor standing versions available. To complete the look, choose from our distinctively styled ceramic basins to create a fine finishing touch.

RANGE FEATURES

All Vanity units are pre-constructed with 18mm carcasses, soft close hinges and drawer runners supplied as standard. Vanity furniture should only be installed within a well-ventilated bathroom environment as wood-based furniture is not suitable for installation in wet rooms. 5-year guarantee (T&Cs apply).

RANGE FINISHES

A beautiful and solid design offered in four popular and powerful finishes. Sora's curvaceous nature, looking perfect from any angle, simply draws you in. With a generous 1100mm width option and substantial ceramic basin, bigger is definitely better. A complementing tall wall and WC unit completes the set.

RANGE FEATURES

All Vanity units are pre-constructed using 18mm carcasses with 40mm sides, soft close hinges and drawer runners supplied as standard. Vanity furniture should only be installed within a well-ventilated bathroom environment as wood-based furniture is not suitable for installation in wet rooms. 5-year guarantee (T&Cs apply).

RANGE FINISHES

The crisp, clean, slimline design of the Loreto vanity unit has a modern appeal whilst having the ability to blend in to more traditional backgrounds. Complemented with an attractive tall wall unit and modern WC unit, the range also features the option of polished or matt-finish cast basins.

RANGE FEATURES

All Vanity units are pre-constructed with 18mm carcasses, with soft close hinges and drawer runners supplied as standard. Vanity furniture should only be installed within a well-ventilated bathroom environment as wood-based furniture is not suitable for installation in wet rooms. 5-year guarantee (T&Cs apply).

LORETO • WORKTOPS & BASINS

NO TAP HOLE & ONE TAP HOLE CAST BASINS?

Basins with no tap hole (NTH) are to be used with wall mounted taps or can be drilled to suit tap position of your choice. Basins with a single tap hole (1TH) would be used with a standard monobloc type basin mixer. Both models can also be drilled with standard woodworking hole cutters to accommodate 2 or 3 Hole tap designs.

NTH Basin

1TH Basin

CERAMIC OR CAST BASINS

CERAMIC BASINS

Ceramic Basins are made out of liquefied fireclay which is poured into a mould and allowed to set before being hand finished. A ground glass glaze would typically be sprayed over the basin before the final firing.

This long-lasting and durable material suits a simple and minimalistic bathroom suite as well as a traditional, Victorian look. Stains are easily removed, and ceramic is generally easy to clean to maintain its shiny appearance. The slight ripples occasionally seen along its surface are often mistaken for flaws, although they are actually part of the ceramic basin's characteristics.

CAST MARBLE

The core ingredient of our Cast Marble basins is Dolomite Marble which is formed through volcanic action. The rock is milled and purified before being mixed with polymer resin formed into the required shape before finally coated with a resin and quartz mixed gel coat to save its pigment and smooth finish.

The result is an extremely durable and easy to maintain product coupled with the benefit of constant sizing and smooth finishing that cannot be matched by traditional ceramics. Scratches are also repairable making this a more forgiving option. Cast basins have a sharp, modern and structured appeal to them.

Brenta

Flush bevelled fascias are a feature of this superior design.

RANGE FINISHES

The integral handle fascias are a particular feature of this superior design of vanity. Offered in two glossy and one textured woodgrain finish, the Brenta range is further enhanced by the option of single or double bowl cast basins in a polished or matt finish.

RANGE FEATURES

All Vanity units are pre-constructed with 18mm carcasses, soft close drawer runners supplied as standard. Vanity furniture should only be installed within a well-ventilated bathroom environment as wood-based furniture is not suitable for installation in wet rooms. 5-year guarantee (T&Cs apply).

NO TAP HOLE & ONE TAP HOLE CAST BASINS?

Basins with no tap hole (NTH) are to be used with wall mounted taps. Basins with a single tap hole (1TH) would be used with a standard monobloc type basin mixer. Both models can also be drilled with standard woodworking hole cutters to accommodate 2 or 3 Hole tap designs.

 FASCIA FINISH

RANGE FINISHES

With a range of popular door styles and finishes, Modena has been created to offer an exceptional modular furniture collection. A choice of single stand-alone or wall-hung units, coordinated WC and wall units, or joined combination sets, means Modena will suit a wide range of bathroom designs and sizes including the more compact cloakrooms and en-suites.

RANGE FEATURES

All carcasses are pre-drilled for hinges and shelf adjustment and are made from 18mm Melamine faced chipboard for consistency with the door thickness. All units are pre-constructed and have a 50mm service space. Vanity furniture should only be installed within a well-ventilated bathroom environment as wood-based furniture is not suitable for installation in wetrooms. All doors are soft-close as standard. 5-year guarantee (T&Cs apply).

MAKE YOUR FURNITURE PERSONAL

Choosing your sanitaryware, taps, handles or mirrors require just as much thought as choosing your furniture. Here at Calypso, we have chosen a select number of products designed to deliver the best finishing touches to your bathroom. Whatever the style of furniture you choose, you can be sure they will coordinate beautifully.

All Calypso products carry a 5-year guarantee.

NOTES

VAT is included at 20%. All dimensions are subject to manufacturing tolerances. Woodstock recommends that all electrical bathroom products should only be fitted by a suitably qualified, Part P registered electrician. E&OE. Further information can be found at www.calypsobathrooms.co.uk or call our team on 01432 367367.

WORKTOPS

CALYPSTONE

12 & 20mm Calypstone

Calypstone is a solid, waterproof and antibacterial material made of mixed granite granules and acrylic resins. It is extremely versatile and can be cut and shaped using standard woodworking tools. Cut edges can be simply sanded and polished to the desired finish and minor scratches and damages can also be repaired.

Available in 6 x 12mm and 3 x 20mm finishes. To join Calypstone together, use a waterproof contact adhesive.

VINYL

22mm Vinyl

Using a solid MDF core, these worktops are wrapped over the top surface with 4 edges of vinyl to perfectly match the majority of our fitted furniture doors. The underside is sealed with Melamine Foil, which can be finished with additional matching edge strips [available to purchase].

These can be then applied to any exposed cut ends to help complete the look. Available in 15 of our standard door finishes.

POSTFORMED

22mm & 28mm Postformed

A high-pressure laminate is bonded to a solid particle board to form our postformed worktops. The underside is sealed with a resin impregnated Melamine foil, then wrapped around the board to create an attractive double-postformed front edge which also features an extra resin moisture barrier on the underside. Matching edge strips are available to purchase and can be applied to any cut ends.

Available in 19 attractive cut finishes.

WHAT IS A POSTFORMED WORKTOP?

Our laminate worktops are constructed by wrapping a sheet of laminate over a composite particle board core that has been shaped with a smooth edge profile. As the laminate is added after the edge profile has been created, it is known as being 'post-formed'.

EDGING STRIP

All postformed worktops are supplied with 1000mm length of edging.

£3.60 7031... (replace the ... with a finish from above)

1000 x 30mm. Edging strip will always be wider than the product that is being edged. This is for application and trimming to a perfect finish.

ALL PRICES INCLUDE VAT

With modern contemporary design and stunning looks, combined with its total practicality and cast in a solid 12mm or 20mm homogenous granite like product, Calypstone brings the beauty of nature into your home. Nature in conjunction with advanced technology creates a surface which looks and feels like natural stone and granite, to give you pleasure for years to come.

Calypstone is an acrylic based product with all the practicalities of a hard wood, meaning it can be cut using common woodworking tools. A jigsaw with a good quality blade is ideal for initial cuts and should always be approached from the front profile of the worktop, ensure any off cuts are well supported.

If the cut is to be a show end, glance the cut with a sharp bladed router. Then sand a 3mm top and bottom radius along the length of the show end. Finish with the gentle application of mildly abrasive rubbing compound and finally polish. All components required are available in the Calypstone Repair Kit (7470.04) below.

Silicone can be used to secure Calypstone to the base units. If wanting to join two pieces of Calypstone, this can be achieved by using the jointing compound.

CALYPSTONE MAINTENANCE KIT

MAINTENANCE KIT

7470.03

£54.00

For general maintenance and polishing.

KIT CONTAINS:

Velcro Backing Pad (with drill attachment)	50ml Acrylic Polishing Compound B

BACK TO WALL WC SETS

WHAT IS A RIMLESS PAN?

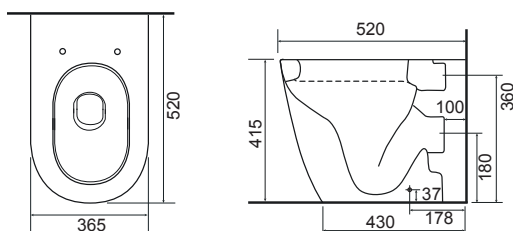

Traditional toilets distribute the flush-water through a series of holes around the underside of the rim of the pan. However, the 'Rimless' pan does away with this under-rim, meaning the water can flow faster and with no hindrance to creating an enhanced flush.

The rimless toilet looks no different on the outside. The main difference is that the pan boasts a smooth bowl with no areas for bacteria or lime-scale to build up and settle, which makes a significant difference for cleaning and improved hygiene compared to traditional pans.

COMFORT HEIGHT WC SETS

WHAT IS COMFORT HEIGHT?

The difference between a Comfort Height WC (also known as the Right Height WC) and a standard WC is the ceramic pan which varies around 430mm to 480mm high, compared to the 380mm to 400mm height of a standard WC.

One reason being that people are now, on average, around 110mm taller than they were when the flushing toilet was first introduced in the UK in the 1880s. As well as taller people, Comfort Height pans are suited to elderly people who may have more restricted movement.

Supplied with 12v LED Driver.

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the Zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

IP Rating 1st Digit			IP Rating 2nd Digit		
	Object Size	Protected against		Protected against	Tested for
0	-	No protection.	0	-	No protection
1	>50 mm	Protection against any large surface area of the body but not deliberate tampering or force.	1	Dripping water	Dripping water – no damaging effect when tested against vertical falling water drops.
2	>12.5 mm	Fingers or similar sized tools and objects.	2	Dripping water when tilted up to 15°	Vertically dripping water has no damaging effect when the light enclosure is tilted at an angle up to 15° from its usual position.
3	>2.5 mm	Thick wires, tools and similar-sized foreign bodies.	3	Spraying water	Water falling as a spray at any angle up to 60° has no damaging effect.
4	>1 mm	Most wires, screws, etc.	4	Splashing water	Water splashing against light enclosure from any direction has no damaging effect.
5	Dust protected	Protected against dust, allowing limited ingress. (no harmful deposit)	5	Water jets	Water projected by a nozzle (6.3mm) against light enclosure from any direction shall have no damaging effect.
6	Dust tight	Dust tight. No ingress of dust.	6	Powerful water jets	Water projected in powerful jets (12.5mm nozzle) against the light enclosure from any direction has no damaging effect.
			7	Immersion up to 1m	Water won't infiltrate even when light enclosure is immersed in water up to 1m in depth. Duration of upto 30 minutes.
			8	Immersion beyond 1m	The equipment is suitable for continuous immersion in water under. Conditions specified by the manufacturer.

IP 67

IP67. The item is protected from dust and capable of withstanding water immersion upto 1 meter for 30 minutes.

ZONE 0 Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

ZONE 1 Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

ZONE 2 Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

ZONE 3 Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

FURNITURE FEATURES

18mm furniture grade MDF doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm).

SOLID OAK doors are constructed with Solid 70x20mm frames and oak veneer centre panels, except the 150mm and 200mm doors which have 50x20mm solid oak vertical stiles. Plinths, end panels & worktops are oak veneer on furniture grade MDF core. Please note: Solid Oak & Oak Veneer are natural living products which contain variations in shade and grain structure which are inherent to timber, and are beyond our control. Once installed, Oak products will continue to age and change shade over time, and according to the amount of direct sun and man-made light they are exposed to.

Fitted bathroom furniture should only be installed within a well ventilated bathroom environment and is **NOT** suitable for installation in wet-rooms. All cut edges with exposed cores must be sealed with a good quality sealant.

SELTHER - THE INTEGRAL HANDLE RANGE

As Selther uses an integral handle design, the units have to be specified for Left or Right hinged doors. The images below indicate LH (Left Hinged) or RH (Right Hinged) for both base and wall units. (A LH base unit door can be used as a RH wall unit door, a RH base door as a LH wall door)

LH

RH

LH

RH

VAT is included at 20%. All dimensions are subject to manufacturing tolerances.

Further information can be found at www.calypsobathrooms.co.uk or by calling 01432 367367

HOW TO ORDER...

When ordering, the t (**) shown after the product code must be replaced by the letter code representing the door style and finish required. These Letter Codes are shown on the inside cover of this brochure, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Brecon High Gloss White should be ordered as: **4226** **BRH**. This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE

Size (w x d x h)	Product Code						Carcass	Upper Panel	Lower Panel

Matching end panels and fillers for a great finish, improved protection & stability

ALL PRICES INCLUDE VAT

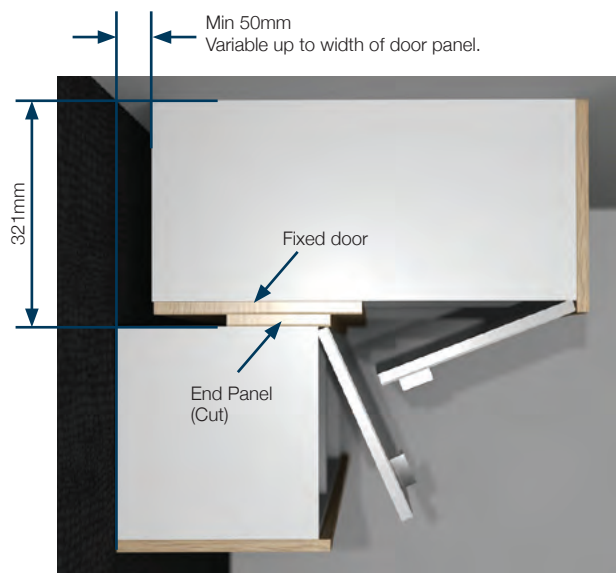

With limited storage space in modern bathrooms the use of corners is becoming ever more popular. Below illustrates some common corner layouts for you to consider when planning your bathroom furniture.

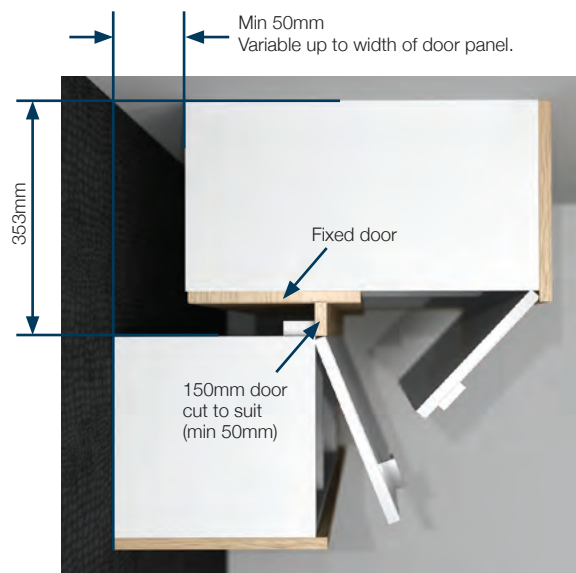

Layout 1: Suitable for doors only.
(Using end panels in corner)

Layout 2: Variable.
Suitable for drawers (Using end panels in corners).

Layout 3: Variable.
Suitable for 2 door units only - using an end panel in the corner.

Layout 4: Variable.
Using door panels for corner. Plinth runs through.

BATH BULKHEADS

The bath bulkhead unit has a full floor to worktop panel (3008) matched to your chosen fascia, supplied with either a slimline or standard depth 600mm WC carcass. However, the panel will work with any width WC Carcass, and can also be used as a fitters panel.

661mm BATH BULKHEAD UNIT

W x D x H	Order Code	Price
830 X 218 X 811	4245**	£391.20
830 X 303 X 811	4445**	£391.20

561mm BATH BULKHEAD UNIT

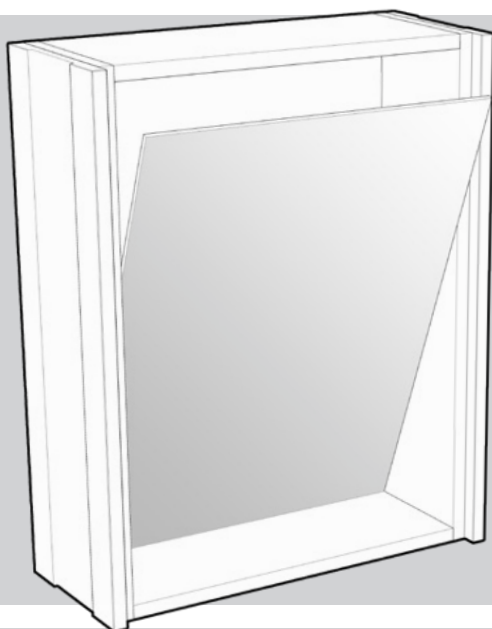

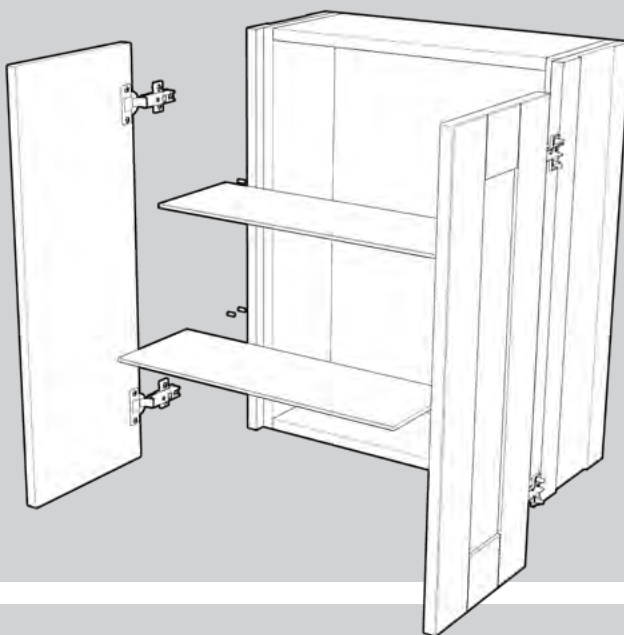

W x D x H	Order Code	Price
830 X 218 X 811	1245**	£391.20
830 X 303 X 811	1445**	£391.20

- See breakdown pages for WC carcass codes
- When ordering replace '**' with your chosen finish
- Not available in Solid Oak & Pentland

1

Remove the fascias, hinge plates, shelves, shelf supports and the wall hanger adjustment cover caps. This will leave you with an empty carcass.

2

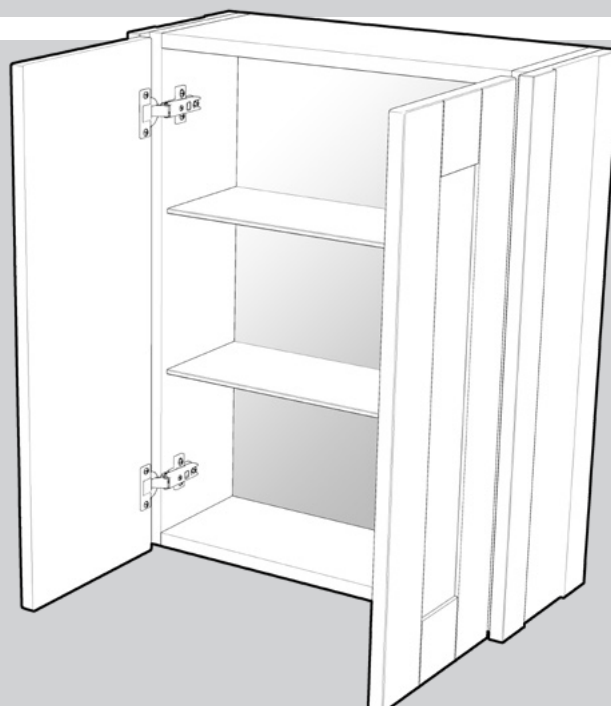

Make sure wall cupboard is fully adjusted square before installing the mirror. Place the mirror at the bottom of the unit, apply a small amount of mirror adhesive to the rear of the mirror, and push into the carcass fixing it in place.

3

Replace - shelving supports, shelves, hinge plates and fascias.

N.B Fit standard depth wall units only.

W x H x D	ORDER CODE	PRICE
262 X 623 X 3 (300mm Wall Unit)	3355	£67.20
262 X 1184 X 3 (300mm Tall Wall Unit)	3342	£76.80
462 X 623 X 3 (500mm Wall Unit)	3356	£74.40
562 X 623 X 3 (600mm Wall Unit)	3357	£79.20

CAST OR CERAMIC?

We pride ourselves on the quality of our product and to help you with your basin decision we explain the two different types of materials Calyspo basins are made from, Ceramic and Cast.

CE • CERAMIC BASINS

Ceramic Basins are made out of liquefied fireclay which is poured into a mould and allowed to set before being hand finished. A ground glass glaze would typically be sprayed over the basin before the final firing.

This long-lasting, durable material suits a simple and minimalistic bathroom suite as well as a traditional Victorian look. Stains are easily removed and ceramic is generally easy to clean to maintain a shiny appearance. The slight ripples occasionally seen along its surface are often mistaken for flaws these are actually part of the ceramic basins characteristics.

CM • CAST MARBLE

The core ingredient of our Cast Marble basins is Dolomite Marble which is formed through volcanic action. The rock is milled and purified before being mixed with polymer resin formed into the required shape and then coated with a resin and quartz mixed gel coat to save its pigment and smooth finish.

The result is an extremely durable and easy to maintain product coupled with the benefit of constant sizing and smooth finishing that cannot be matched by traditional ceramics. Scratches are also repairable making this a more forgiving option. Cast basins have a sharp and ultra modern structured appeal to them.

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the Zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

IP Rating 1st Digit			IP Rating 2nd Digit		
	Object Size	Protected against		Protected against	Tested for
0	-	No protection.	0	-	No protection
1	>50 mm	Protection against any large surface area of the body but not deliberate tampering or force.	1	Dripping water	Dripping water – no damaging effect when tested against vertical falling water drops.
2	>12.5 mm	Fingers or similar sized tools and objects.	2	Dripping water when tilted up to 15°	Vertically dripping water has no damaging effect when the light enclosure is tilted at an angle up to 15° from its usual position.
3	>2.5 mm	Thick wires, tools and similar-sized foreign bodies.	3	Spraying water	Water falling as a spray at any angle up to 60° has no damaging effect.
4	>1 mm	Most wires, screws, etc.	4	Splashing water	Water splashing against light enclosure from any direction has no damaging effect.
5	Dust protected	Protected against dust, allowing limited ingress. (no harmful deposit)	5	Water jets	Water projected by a nozzle (6.3mm) against light enclosure from any direction shall have no damaging effect.
6	Dust tight	Dust tight. No ingress of dust.	6	Powerful water jets	Water projected in powerful jets (12.5mm nozzle) against the light enclosure from any direction has no damaging effect.
			7	Immersion up to 1m	Water won't infiltrate even when light enclosure is immersed in water up to 1m in depth. Duration of upto 30 minutes.
			8	Immersion beyond 1m	The equipment is suitable for continuous immersion in water under. Conditions specified by the manufacturer.

IP 6 7

IP67. The item is protected from dust and capable of withstanding water immersion upto 1 meter for 30 minutes.

ZONE 0 Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

ZONE 1 Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

ZONE 2 Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

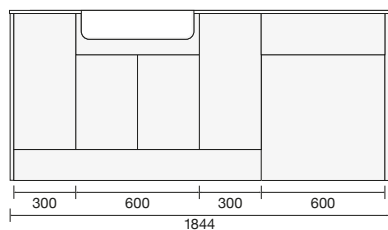

ZONE 3 Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

Installation must be made in accordance with the current IEE wiring regulations and relevant building regulations. Calypso recommends that all electrical bathroom products should only be fitted by a suitably qualified Part P registered electrician.

FINISHING
KIT

CALYPSO • FONTANA BASINS

The Fontana one-piece integrated basins combine a worktop surface and generous basin to give a smooth, uninterrupted finish to a run of fitted bathroom furniture.

The uniform geometry of the basin makes it ideal for minimalist interior design schemes, and the high gloss cast finish will offset a textured wall or tile perfectly. Add to this the ability to scribe and cut the basin to fit irregular walls and minimal connections and you have a versatile, easy-to-fit basin that is more cost effective than a separate composite worktop and cast basin.

The Fontana basin is made of a solid material comprised of natural mineral granules and polyester resin we call cast marble. This is further coated with a polyester acrylate enamel which gives it a smooth glossy and naturally anti-bacterial finish. These combined properties make the material ideally suited for bathroom applications.

As an added benefit, the cast granular material can be cut to any required length using common woodworking hand or power tools. It is recommended that the basin is cut or scribed wall to wall where possible.

VERSATILE

User friendly and adaptable. Fontana Cast Basins can be cut, scribed and polished to suit a variety of applications.

EASY TO INSTALL

Minimal connections. The fully integrated overflow leaves only the tap and waste to connect, and the fascia cutting template will reduce fitting time.

INTEGRATED

Made from a single piece of cast marble material. The sleek and minimalist design offers clean, unbroken lines for a modern contemporary bathroom.

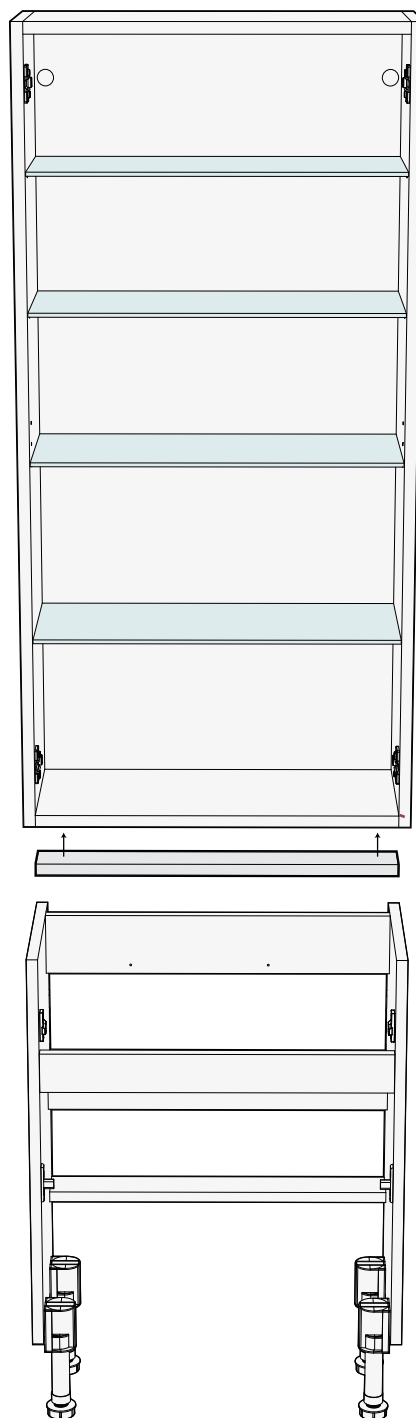

CALYPSO • A STORAGE SOLUTION

We have found that in every bathroom there is unused space. The volume of space under a pedestal basin or above a toilet cistern for example. Why not use that space?

- 600(w) x 1222(h) mm
- Available in two depths to match slimline and standard depth base units
- Solid or mirrored door options
- Four removable glass shelves
- Compatible with a range of matching end panels

Adding a tall wall double door unit above a fitted WC Unit makes the most of a typically unused space, ideal for hiding cleaning products and with enough height to store all that medicine far away from children.

Fitting the two units together requires using the supplied safety bar. This should be attached to the underside of the wall unit and slotted into the top of the WC unit - locking the two together.

With modern contemporary design and stunning looks, combined with its total practicality and cast in a solid 12mm or 20mm homogenous granite-like product, Calypstone brings the beauty of nature into your home. Nature in conjunction with advanced technology creates a surface which looks and feels like natural stone and granite to give you pleasure for years to come.

Calypstone is an acrylic based product with all the practicalities of a hardwood, meaning it can be cut using common woodworking tools. A jigsaw with a good quality blade is ideal for initial cuts and should always be approached from the front profile of the worktop, ensure any off cuts are well supported.

If the cut is to be a show end, glance the cut with a sharp bladed router. Then sand a 3mm top and bottom radius along the length of the show end. Finish with the gentle application of mildly abrasive rubbing compound and finally polish. All components required are available in the Calypstone Repair Kit (7470.04) below.

Silicone can be used to fix Calypstone to the base units. If wanting to join two pieces of Calypstone, this can be achieved by using the jointing compound.

CALYPSTONE MAINTENANCE KIT

MAINTENANCE KIT

7470.03 **£54.00**

For general maintenance and polishing.

IMPORTANT NOTES

It is important when ordering and booking installations that sufficient time is allowed between product delivery date and installation date. This is for the checking of goods and if required, the re-delivery of any rejected or damaged items.

When planning, remember to allow for décor end panels for any exposed end-of-run base or wall unit carcasses, adding 18mm for each end panel required.

All our door finishes are supplied by default with the complimenting carcass colours as indicated on the inside front cover of this brochure. If a different mix of fascia and carcass finishes is required, they will have to be specified separately using the individual product codes shown

within the pricing areas of this catalogue. The relevant finish codes need to be added to each product code at the time of ordering. All stocked products are dispatched within 72 hours of ordering.

Our 250mm plinth can also be used as flyover shelving if cut lengthwise down to 220mm. All carcasses are supplied ready assembled, with door and fascia panels packed separately for fitting once carcasses are installed to help avoid damage. Door and drawer front are supplied undrilled for handles to give maximum flexibility and choice.

Slimline basin units in bathrooms will require reduced-depth semi recessed basins.

Calypso units are designed at a height to allow good access underneath the carcasses to run the soil pipe and water feeds with a choice of 150mm or 250mm plinths.

Due to space restrictions on slimline units, the rear legs should be removed to run a soil pipe through, and rigidity is maintained by the front legs and wall fixing.

All our concealed WC cisterns are suitable for front access servicing. If other manufacturer's concealed cisterns are used, service access may become a problem.

Prices in this catalogue include VAT at 20%.

PRODUCT NOTES & SPECIFICATIONS

Please note that some of the imagery within the brochure are CAD generated and may not reflect the unit exactly. We strongly recommend that any questions relating to detail of any units are asked prior to ordering.

Carcasses – All carcasses are supplied with hinges, wall fix brackets and fittings, and base units come with adjustable legs and plinth fittings. All plinths, end panels and handles must be ordered separately. Unit dimensions given are overall including fascias but exclude legs (661mm units supplied with 150mm legs, 561mm units supplied with 250mm legs). All carcasses are made from 18mm MFC.

Vinyl Wrapped Doors/Worktops/Plinths/End Panels – All vinyl panels are a vinyl wrap on an MDF core. Doors, plinths and end panels have an 18mm furniture grade MDF core, and vinyl worktops have a 22mm core. Any

exposure of the MDF core through cutting must be sealed with a proprietary sealant such as PVA or silicone to maintain the warranty. Printed colours and woodgrains are subject to print and screen variations and are for illustration purposes only.

Please call sales on 01432 367 367 to request a sample for exact colour matching prior to ordering.

Cast Basins – All Calypso cast basins are made from a mineral powder/polyester resin. The surface is protected by gelcoat which is at least 0.5mm in thickness. Clean and care for your top with a normal liquid detergent (do not use detergents containing abrasives) and buff with a good quality polish to keep your cast top in tip-top condition.

Postformed Laminate Worktops – Laminated on a 28mm chipboard core, all worktops are supplied with a length of edging for re-sealing when cut. (Additional edging strips are available on request, priced per metre).

Solid Oak – Doors and bath panels in this range have 70mm x 20mm solid oak frames and an oak veneered centre panel. All worktops, plinths and end panels are real oak veneer on an MDF core. If uncertain on veneered areas on the Solid Oak range please refer to our technical team on 01432 367 367. Please note: In purchasing this product you are aware that natural variations which are inherent in the shade and grain of naturally grown solid oak and oak veneer are beyond our control.

Bath Panels – These are supplied in two lengths of 1700mm or 1800mm.

RETURNS POLICY

Any damaged or unwanted items must be reported within 7 days and made available for collection within 28 days. Any items ordered and delivered in good faith but no longer required will be subject to a 25% handling and re-stocking charge.

Non-required items can only be accepted for return if:

- They are returned in original packaging.
- They have not been fitted in any way (this would include legs fitted onto carcasses).
- They are in re-saleable condition.

Picking or Delivery Errors & Manufacturing Defects must also be reported within 7 days and made available for collection within 28 days.

Credit will be given once the goods are received back, inspected and signed off.

Any good under this policy should be returned to the retailer that they were purchased from.

Credit Approval or Refusal:

Once returned goods are received and inspected as per terms above, credit will either be approved or refused. If refused, a credit refusal number is assigned and a written reason given and sent by fax or email. Goods will then be held for 7 days before disposal. Any query regarding the refusal must be logged during this 7 day period.

TAKING CARE OF YOUR CALYPSO PRODUCTS

By following some simple care and cleaning guidelines, Calypso products can be expected to give many years of enjoyable, trouble-free service.

Calypso bathroom furniture is designed to be used within domestic environments. As with all timber products, adequate ventilation is key and your bathroom furniture will be adversely affected if subject to excessive moisture on the surface or in the atmosphere. It is strongly recommended that a suitable bathroom extractor fan is installed to prevent condensation building up and to prevent damage to the furniture.

Calypso timber based fitted furniture must never be installed in a wet-room situation.

It is most important that any cut or exposed panel edge, and any floor or wall abutment with furniture or sanitaryware, must be sealed with a waterproof sealant such as silicone or similar to avoid the possibility of water

ingress and damage.

All water spills and sprays must be wiped clean and mopped dry immediately to prevent water marks or other damage.

Never use chemical or abrasive cleaners, bleach or furniture polishes on any bathroom furniture as the finish can be affected. Clean only with a soft damp cloth and a mild soap solution as necessary.

Solid Oak is a very hard-wearing material and its looks are enhanced with wear over the years. Occasional application of a wax-based furniture polish should be all that is needed to maintain its finish. DO NOT USE household cleaners or abrasive powders on oak, and remove any spills or stains immediately with a soft damp cloth and mild detergent (washing-up liquid). Excessive moisture or water spills will darken the oak surface.

CERAMIC SANITARYWARE - Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

BRASSWARE - Clean with a damp cloth, rinse clean and polish with a dry cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

DIMENSIONAL TOLERANCE - Due to the nature of materials and production processes, dimensions may vary within a tolerance of ± 2 mm on furniture, ± 3 mm on cast basins and ± 5 mm on ceramic.

COLOUR REPRODUCTION - Colour reproduction is as accurate as possible within the limitations of the printing process. A free sample service is provided if you are unsure about the finish on your selected product. Please call sales on 01432 367 367 to order. Also note, colours will vary under artificial light.

Our company policy is one of continual improvement and development. We therefore reserve the right to alter materials and specifications without notice.

All orders are subject to our standard terms and conditions of sale which can be found at www.calypsobathrooms.co.uk/downloads

A hard copy of our terms and conditions is available on request by calling us on 01432 367 367 or emailing your request to sales@woodstockco.com.
